

Experienced Diesel Mechanic (\$Great Pay - Family owned)

Are you tired of low pay, working nights/weekends, or a boss who doesn't appreciate your skills and experience? Are you looking to make a change, and enjoy a career where the day is never the same and not be stuck in the same shop in and day out?

Big Fleet Services is a family-owned business that is seeking a full-time Diesel Mechanic to join our growing organization. We are offering:

- **Compensation: \$30 - \$40 / hour**
- **Full-time: Monday- Friday (8am - 5pm)**
- **Frequent Bonus Opportunities**
- **Benefit Package: medical, dental, vision, 401K, and paid time off**

We are looking to add a qualified fleet mechanic who can repair both diesel and gas engines. You would be responsible for performing a wide range of electrical/mechanical diagnostics and repairs on a variety of trucks and autos, in the shop and out of the shop.

If you have a strong work ethic, believe in working together to achieve common goals, understand what great customer service is, and want to be part of a dynamic work environment then we want to meet you!

Additional desirable skills include the following:

- Electrical Diagnostics
- Wiring
- Suspension
- Brakes
- DOT Inspections
- Equipment preventative maintenance
- Welding (a plus)

Must have your own tools. Must be capable of working unsupervised as needed, self-motivated, with strong documentation skills. Looking for a team player with a positive attitude backed by excellent customer service skills. We are looking for a team player who can grow with our company.

Education & Experience:

- 4 years of experience as a Diesel Mechanic
- Preferred 2 years technical school for Diesel Mechanics
- Valid driver's license
